

CityFibre

Registration

Registration of interest

Registration of interest for CityFibre FTTP (Fibre to Premises) installation via website:

cityfibre.com/your-street

OR

Scan the QR code:

Enter your Post Code click - “Check Availability” button
Select your address from the dropdown list

Ignore the “we haven’t planned your area at the moment” message which comes up because the area has not yet been included in their plans until after registration of interest phase has been completed.

Enter:

Forename
Surname
email address
Home telephone number

Click - “Set email alert” button

You will then receive an email telling you that your registration on intent has been received

Nothing to pay for installation - CityFibre cover the costs of the physical installation.

After installation the available ISPs using the CityFibre network will be selected and the residents will receive communication from the ISPs with possible costs.
